Hatch Fonts

Rev 1 Sept 2022

STANDARD FONTS

The table below includes all embroidery fonts that are standard with your Hatch Embroidery. Categories include:

Font style	Description
Appliqué fonts	Created especially for appliqué, containing all the required outline, tack and cover stitches. Great for use on large scale and to reduce stitch count.
Block fonts	San-serif typeface style, very common with names and business logos. A great style for embroidery as it is clear and easy to read.
Fancy fonts	Anything that is not 'blocky' can be used in a decorative way, depending on the style of logo.
Monogram fonts	Especially designed for monogramming purposes – commonly used for creating initials popular with gifts such as towels and linen.
Outline fonts	Commonly used for sports wear, on back of jackets. Work best at larger scale.
Run stitch fonts	Commonly used for small lettering, anything under 5mm and where satin column are not suitable.
Script fonts	Fluid strokes where characters connect, resembling a hand written style.
Serif fonts	Older style font which includes an embellishment at the ends of the stroke, popular with sportswear.
Small fonts	Fonts which are 6mm and below, including satin stitch columns with push and pull adjustments.
Special fonts	Graphical, multi-colors and fill effects are some of the things that are associated with special fonts. Commonly used for decorative purposes.
Non-Roman fonts	This category includes Cyrillic, Greek and Japanese fonts.

Minimum & maximum sizes

For best results when stitching, do not exceed the recommended maximum or minimum sizes. Note, however, that recommended maximum and minimum heights refer to UPPER CASE letters. Most embroidery fonts are digitized from an original TrueType Font (TTF), some of which have lower-case letters – e.g. 'a' and 'c' – which are about 70% the height of a capital letter. As a result, these letters

may be too small to embroider neatly. You may need to increase the size of the lower-case characters to suit the embroidery.

TrueType Font
Embroidery Letters

Special characters

You can create special characters in each font by holding down the **Alt** key on your keyboard and typing **0** (zero), its code, using the numbers on the keypad. For example, to type **ê** with the code **234**, type **Alt+0234**. The accented letter will appear when you release the **Alt** key. See also Insert special characters (User Guide).

Note: Not **all** characters are available in **all** fonts.

Join method

The lettering join method is preset to give the best results for each font. Options include:

Join		Purpose
Bottom join	BJ	Letters are joined along the baseline. Use it when stitching on toweling – joins are hidden in the pile.
Closest join	CJ	Letters are joined at the closest point. Use it to minimize trims.
As digitized	AD	Letters are joined as they were digitized. Use it with fonts combining different fill stitch types or special effects.

If you break apart a lettering object, the join method is lost as the object is no longer a lettering object. For further details about join methods, see Split lettering (User Guide).

FONT PACKS

The table below summarizes the add-on fonts that can be purchased as font packs with Hatch Personalizer, Hatch Composer, and Hatch Digitizer. No fonts are included with Hatch Organizer. To purchase any of these font packs, see Hatch Font Packs.

	Font pack	Description
1	Script	Script fonts can give the look of handwriting to your embroidery designs. This is one of the hardest fonts to stitch well. The package contains three sets of script fonts that have been professionally digitized for your casual to elegant embroidery projects. Stay within the recommended sizes for best results. To purchase this font pack, see Font Pack 1 - Script.
2	Monograms	We can never get enough fonts for beautiful and unique monograms. This collection of 4 fonts gives you unique medallion type monograms, crisp and clear monograms and an appliqué pack that makes great monograms for the sportsman. A great mix of small and larger fonts which work great in both upper and lowercase. To purchase this font pack, see Font Pack 2 - Monograms.
3	Sans Serif	Sans Serif fonts are amongst the easiest to read in embroidery. Add these fonts to your lettering and monogramming selections. Each one has been professionally digitized for use with keyboard entry. To purchase this font pack, see Font Pack 3 - Sans Serif.
4	Décor	Looking to do some home décor? This collection of professional embroidery lettering will add a touch of class. Arial Rounded Block gives you the modern look. Empress is great for a slanted look without going script. Border Block 2 is an upper-case font using a two-color block. To purchase this font pack, see Font Pack 4 - Décor.
5	Special Occasions	Not your everyday boring fonts. Helvetica Sm is fantastic when you need a very small block font or writing text. City Script is a modern and slanted script great for larger size letters. It includes both upper and lower-case letters. Reduce the slant to zero in Hatch and make it a straight script too. Dauphin is a favorite fancy block style and amazing for special gifts. All fonts come in both block and script style. To purchase this font pack, see Font Pack 5 - Special Occasions.
6	3D Puffy Foam	Add puffy foam fonts to your designs and your casual projects are sure to go 'pop'. If you want to add 3D embroidery lettering, all you need is some puffy foam and 3D embroidery fonts to get started. Almost any design can take on new life by adding foam beneath for extra dimension. The fonts in this collection are specially digitized for use with puffy foam. To purchase this font pack, see Font Pack 6 - 3D Puffy Foam.

| Font pack	Description
7 Block	Block fonts are the 'go to' font style that works almost everywhere. These fonts are easy to read with a choice of bold, thin, or font outlines that work for any situation. Change the stitch type to embossed fill to give your block lettering a unique identity. Included in this collection are traditional block, modern block and outline. To purchase this font pack, see Font Pack 7 - Block.
8 Fancy Fonts	Fancy fonts add a little more creativity to your projects. They are fun to work with and excellent for home décor projects. This collection of fonts gives you a wide variety of options that will go with today's décor all around your home. To purchase this font pack, see Font Pack 8 - Fancy Fonts.
9 Tall & Thin	So often we need a slightly taller font but we want to keep it thin. The Tall & Thin font collection provides three fonts that provide just that. It's a great group of fonts for wall art and especially for monograms. To purchase this font pack, see Font Pack 9 - Tall & Thin.
10 Script #2	Small scripts! That's what the Script #2 font collection is all about, providing a variety of script fonts that can be stitched at ½" and still be readable. To purchase this font pack, see Font Pack 10 - Script #2.
11 Puffy #2	This collection provides four new fonts for use with foam. You'll enjoy using these on hats, wall art, and other projects that need that 3D look. To purchase this font pack, see Font Pack 11 - 3D Puffy #2.
12 Modern Script	A collection of modern satin script fonts that ressemble handmade calligraphy. Includes fonts that will work for small, medium, or large letters. You can use this collection for towels, baby items, personalizing, and initials. It will become one of your 'go to' font packs.
13 Mono Lines	This is a collection of satin fonts from the Monoline style of fonts. These share the same thickness throughout. Included you will find fonts for outlines, background swirls, and even a small flower with uppercase letters.
14 Modern Style	A collection of modern lettering that provides an elegant but relaxed look. You'll find font styles from futuristic to fun and playful in this collection.
15 Small Block	Three looks using satin stitch come together in this collection. Bold, slanted, or plain modern block fonts, these can be used with small height lettering. You'll find many uses for this collection in your small projects.
16 Organic Block	If you are looking for an organic style of font, this collection is for you. Traditional block lettering, a decorative flared stroke, and a taller font with a 'slim' look, you'll find them all in this collection.
17 Simple & Clean	This collection brings you three fonts that are simple, clean, bold, and easy to read. Works well for medium-small to medium size lettering.
18 Fun Handwritten	As the name suggests, this collection of fonts is fun to use. They give your lettering a handwritten appearance. While you will love using them around Halloween, you'll find yourself using them throughout the year.
19 Bold Sans Serif	This collection offers bold to semi-bold fonts with or without a little flare. Great for children's projects. Also good for medium size lettering where you want to maintain a bold look.
20 Enchanted Style	While these fonts have 'medieval times' written all over them, you'll find yourself using them in many projects. They work well for classical Irish projects to provide a handwritten look or decorative sharp corners.
21 Informal Satin	Clean and easy-to-read, this collection offers a brush style font, a font that looks good on multiple lines of text, and a narrow satin stitch font that looks good in all uppercase letters.

Font pack		Description
22	Outline Collection	This collection is perfect for projects where you only want letter outlines without the fills.
23	Elegant & Bold	This collection is a favorite. Elegant and bold, the name says it all. The script font provides an elegant hand-drawn look that is bold but not too bold and easy to read. A bold serif font with a slight slant is good for medium height lettering. To round this pack out, we have added a vintage slanted semi-bold script.
24	Classic Bold	Everyone likes the classic traditional font but still wants to keep it bold. Centurion works well with multiple lines of text at least 17mm in height. Use a 15-degree slant on Civic to expand the look of this font. Wild West is fun to use for wall art and saying with that western look.
25	Contemporary Mix	This collection brings together a semi-serif font with a clean, bold, and contemporary look, a modern style serif font, and a fancy, yet modern script font.

Join method

The lettering join method is preset to give the best results for each font. Options include:

Join method (JM)		Purpose
Bottom join	BJ	Letters are joined along the baseline. Use it when stitching on toweling – joins are hidden in the pile.
Closest join	CJ	Letters are joined at the closest point. Use it to minimize trims.
As digitized	AD	Letters are joined as they were digitized. Use it with fonts combining different fill stitch types or special effects.
